

Drive Revenue and Bolster Agency Service Offerings with Compliance-Ready Event Tech

In the ever-evolving world of medical communications, leading the market means embracing innovative technology solutions that understand the nuances of a highly regulated industry and can create successful, engaging, and compliant meetings. At MeetingPulse, we understand this dynamic and are excited to introduce a unique, revenue-generating partnership opportunity exclusively for Medical Marketing and Communications agencies focused on the pharmaceutical, biotech, and medical education segments.

Why Partner with MeetingPulse for Medical Meetings of all types?

Our platform is easy to use and simplifies event tech to address the specific needs of healthcare and medical meetings. By integrating MeetingPulse into your service offerings, you not only expand your capabilities but also enhance the value you provide to your healthcare industry clients.

- **Enhanced Real-Time Engagement:** Begin with engagement-first registration, and move to materials distribution, NDA submission, personal schedules, live polling, Q&A sessions. Our platform brings meetings to life, fostering greater participation and insightful interactions.
- **Compliance and Regulations:** Be prepared with a technology platform that documents every touch with an HCP, making medical meeting planning easier and audit readiness a breeze.
- **Customizable and Scalable:** Our platform adapts to various event sizes and types, aligning perfectly with your clients' diverse needs.
- **Seamless Integration:** MeetingPulse easily integrates with popular platforms like Zoom and PowerPoint, simplifying event tech for your clients

MeetingPulse provides a generous revenue share program on all partner deals from \$10K+, resulting in up to \$100K+ additional revenue for your business.
